Emergency Pothole Patching on the Inbound Kennedy

CHICAGO – The Illinois Department of Transportation (IDOT) announced that emergency pothole patching will take place on the inbound Kennedy Expressway (eastbound Interstate 90/94) between Canfield Avenue and Harlem Avenue, beginning, weather permitting, Thursday, April 6.

Starting at 11 a.m. Thursday, a rolling lane closure will take place in the right lane on the inbound Kennedy Expressway between Canfield Avenue and Harlem Avenue. The repairs are expected to be completed by Thursday afternoon.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
